

## CASE STUDY—SUNSHINE TOTS

Amount Granted — £900 — Keepmoat Fund

This is a Parent and Toddler group for local residents who live on the Eastmoor Estate, one of the most deprived, local areas in Wakefield.

We meet every Monday morning from 9.15am-11.15am. Activities include reading, playing with toys, singing and craft workshops.

I have included a picture of a signing session.

Librarians from the local children's centre visit the toddler group with children's books that parents can borrow. This is a popular service and the children also enjoy a story time session.

We used the grant of £900 to support our work. We have invited speakers in from the NHS who discussed healthy eating with the parents. We have also worked in partnership with the Pre-school team from the Service for Deaf and Hearing Impaired Children who signed stories, games and songs for our toddlers and their parents.

The grant has allowed the group to continue running by paying for a safe venue. We have also managed to buy a few new toys to add to our role-play collection.

Everyone from Sunshine Tots thanks you very much for supporting our playgroup!
